The Broadview Editions series is an effort to represent the ever-changing canon of literature in English by bringing together texts long regarded as classics with valuable, lesser-known literature. Newly type-set and produced on high-quality paper in trade paperback format, the Broadview Editions series is a delight to handle as well as to read. Each volume includes a full introduction, chronology, bibliography, and explanatory notes along with a variety of documents from the period, giving readers a rich sense of the world from which the work emerged.
