Que pasaria si unieramos el Infierno de Dante y Juego de tronos?

El escritor de referencia del thriller historico, autor de La biblioteca de los muertos, nos presenta su obra mas ambiciosa: un impactante y sorprendente thriller que conjuga historia, intriga, accion y aventura.

Un proyecto cientifico ultrasecreto abre accidentalmente un corredor a otra dimension, a la tierra de las tinieblas y los condenados.

John Camp es el responsable de la seguridad de un proyecto cientifico de alto nivel que se esta desarrollando en unas instalaciones secretas cerca de Londres. Una prueba fallida se salda con la misteriosa desaparicion de Emily Loughy, la brillante fisica que dirige las investigaciones. En el lugar donde ella estaba aparece un hombre que huye desesperadamente del edificio. Las primeras pesquisas revelan poco despues que se trata de un peligroso criminal, condenado y ejecutado... en 1949. Esta volviendo a actuar y hay que detenerlo a toda costa.

Mientras tanto, John propone repetir el experimento para rescatar a Emily, la mujer a la que ama. Se coloca en el punto exacto donde ella desaparecio y en un instante es catapultado a un mundo maldito al cual todos los que han escrito a sangre en el gran libro de la Historia -tiranos sanguinarios, reyes despiadados, asesinos crueles- han sido relegados para toda la eternidad.

ENGLISH DESCRIPTION

DOWN - Pinhole is the first book of an explosive new trilogy by international bestselling author, Glenn Cooper.

A cross between *DANTE'S INFERNO* and *GAME OF THRONES*, *DOWN* is part historical thriller and part fantasy-adventure, a thought-provoking, page-turning, epic saga that explores the consequences of evil and transports readers to a world unlike any they have ever experienced.

John Camp heads up security at a world's largest super-collider tunneled around London. Scarred by his wartime experiences, he's been fighting his demons and putting his life back in order. High on his priorities is his new relationship with physicist Emily Loughy, the collider's beautiful and accomplished Scottish research director. When the collider starts up it hits its projected energy target but then inexplicably continues powering much higher. In the blink of an eye Emily disappears and a rough-looking man appears in her place. In fear and confusion the man barrels out of the lab and disappears. His identity may be the only clue to what has happened.

John volunteers to embark on a mission to try and rescue Emily and when the collider is powered up again he finds himself in a strange and terrifying world, geographically identical to Earth but very different. It's a place some call Down, eternally populated by those who've committed the most unforgivable acts of evil during their lives. Here in a world with but a few glimmers of hope, kings and dukes, including infamous historical figures, battle perpetually for supremacy. In a race against time, John must navigate the terrible landscape of Down and bring home the love of his life before they are trapped for the rest of their lives.
