Mallorca - Ibiza, Menorca and Formentera Solvi dos Santos

From Chopin and Miro, to Phillippe Starck and Anouska Hempel, Majorca and the surrounding islands have attracted an international set of artists, designers and collectors. The 25 interiors and locations featured in this book show styles ranging from modern minimalism and pared-down Swedish, to traditional Moorish and the contemporary tribal look. Interviews with the owners reveal their collecting passions and design beliefs as well as the stories behind each house. Finally, there is a guide to local galleries, art studios, shops and markets, as well as unusual places to eat and stay.
